NEWS RELEASE

Gemco commences work program on Burns Mountain gold property

Gemco Minerals Inc (GMML: OTCBB)
Shares Issued 18,486,815
Last Close June 19, 2006 \$0.20 USD
Tuesday, June 20, 2006 - News Release

Mr. Tom Hatton reports,

Gemco Minerals Inc. has commenced its 2006 work program on the company's Burns Mountain mineral property. A crew has been deployed on the property with excavator and supporting equipment, preparing drill pads and access to the permitted drill area know as Perkins Gulch. Trenching and channel sampling will be conducted in the anomalous area and ongoing soil grids and geological mapping are continuing in the targeted areas of interest.

Gemco's work program is being conducted in the renowned Cariboo gold belt region near Wells and Barkerville, British Columbia, where the company holds over 5,000 hectares (12,441 acres) known as the Burns Group property. Less than 20% of the property has been explored to date and the company has consolidated its resources to carry out the work program on the recommendations of its 43-101 geologist report.

Exploration on the Burns Group property is being conducted under the guidance of the company's qualified person Robert "Ned" Reid, PGeo and field supervision by Doug Merrick, with extensive experience in exploration and development in the Cariboo region.

On behalf of the Board of Directors,
Gemco Minerals Inc.,

"Thomas Hatton"
Director and President
